

PARTICIPANT NOTE FORM

Revised 4/2005

Site Number _____

Site Name _____

Study Unit _____

PD Number _____

Horizontal Sub. _____

Vertical Sub. _____

Date _____ Supervisor _____

Excavator _____

Excavator _____

Excavator _____

1. Use the grid on the back of this page to draw a plan map of the unit you excavated. (Be sure to include a scale and a north arrow.)

2. Where is your unit located (midden, pit structure, surface room, etc.)? By excavating here, what research objective(s) are you addressing?

3. Describe the fill (dirt) in your excavation unit.

Color:

Texture (sand, silt, clay, or some combination):

Inclusions (rocks, charcoal, roots, etc.):

4. List the types of artifacts and samples collected. Did people put the artifacts here (cultural deposition) or were the artifacts deposited by erosion (natural deposition)?

5. What can we learn from the evidence you found in your excavation unit today?

PARTICIPANT NOTE FORM

Draw a plan map (looking down) of your excavation unit.
Be sure to include the coordinates, a key, and a scale.

Coordinates
_____ N _____ E

KEY:

Scale:
One grid square = _____ cm
